Square Corporate Tower 1,  
Jalan Lagoon Selatan, Subang  
Jaya, Selangor Darul Ehsan

In addition to our main service routes, we provide flexible ad-hoc coverage through slot arrangements with regional feeder operators.

These services connect Malaysia to a broad network of ports across Intra-Asia, based on operational needs and cargo demand. While not operated on fixed schedules, these arrangements allow us to serve additional destinations when required.

**Common ad-hoc connections include Malaysia to and from Indonesia, Pakistan, and India.**
